## INSTITUTIONAL ELIGIBILITY RULES

### Institutional Eligibility:

- 1) All collegiate club rowing programs recognized by their respective universities are eligible for participation in the ACRA Championship Regatta.

- 2) The ACRA membership shall be made up of university and college club rowing teams, and junior college and community college teams (both men and women) that are not eligible through their institutions' athletic department for the NCAA or IRA Championship.
- 3) All programs must meet BOTH the eligibility requirements of their home institutions and the ACRA.
- 4) USRowing Organizational Membership: Because of insurance requirements, the ACRA regatta will be registered with USRowing. This means that all programs entering MUST be organizational members of USRowing to participate.

## ATHLETE ELIGIBILITY / ENTRY RULES

Eligibility for the ACRA Regatta shall be dependent upon the conference rules of the competing institution, and ALL OF THE FOLLOWING:

- 1) All participants must be full time undergraduate students and enrolled at the institution they represent. To be considered a full time undergraduate student, he/she must currently be taking courses totaling at least 12 credit hours on the semester basis or its full time equivalent at that institution, and must be making normal progress toward his/her first degree. An exception is for students in their final term who may take less than a full-time load if it is sufficient to complete their degree during that term. The Academic Office of the involved institution must certify this and other potential exceptions to the 12 credit hour rule. A student athlete who has received a Baccalaureate or equivalent degree, and who is enrolled in graduate or professional school, or who is enrolled and seeking a second Baccalaureate or equivalent degree, may participate in ACRA, provided the student athlete has athletic eligibility remaining, and such participation occurs within the time period set forth in number 2 below.
- 2) An ACRA competitor has four years of eligibility, which must be completed during the first 10 semesters or 15 quarters after the student is enrolled in a collegiate institution in at least a minimum full-time program of studies as determined by the regulations of that institution. Competing for an institution in any one event within the academic year is enough to constitute one year of eligibility.
- 3) Any individual who has raced during the current academic year **on** a non-ACRA eligible college program; **(an NCAA or IRA team)** will not be eligible for participation in the ACRA Regatta.
- 4) Novice Classification:

- a) The ACRA defines novices as those in their first year of collegiate competition.
  - b) Coxswain turned rower or rower turned coxswain note: An individual who rows or coxswains competitively in any academic year is allowed to change roles in a subsequent year and compete as a novice.
  - c) Once an individual competes in ANY intercollegiate competition in an academic calendar year, novice eligibility has begun for that season.
- 
- 5) A student athlete who is enrolled in a graduate or professional school of the college or university may participate, provided he/she has eligibility remaining and is within five calendar years of initial full-time collegiate enrollment.
  - 6) To compete at the ACRA, each athlete must be listed on the program's roster, and certified by the institution's registrar or program administrator (varsity athletics or rec sports level administrator, NOT the head coach or team officers).

Appeals for exceptions to these rules must be entered, prior to the entry deadline, in writing to the ACRA Eligibility Committee:

Kurt Butler ([kurt.e.butler.69@gmail.com](mailto:kurt.e.butler.69@gmail.com))

Nathan Lantz ([wnlantz@gmail.com](mailto:wnlantz@gmail.com))

Peter Rosberg ([peter.w.rosberg@gmail.com](mailto:peter.w.rosberg@gmail.com))

Violations of regulations may be cause for crew or team disqualification. Unusually serious violations may be grounds for even more sanctions.

## WEIGH-IN RULES AND PROCEDURES

- 1) A men's lightweight crew shall have no rower who weighs more than 160 pounds.
- 2) A women's lightweight crew shall have no rower who weighs more than 130 pounds.
- 3) If any lightweight rower is more than 2 pounds over the maximum weight, that individual will be excluded from competition. If an individual is within 2 pounds of the maximum he/she will have two more tries within one hour of the initial weigh-in to make weight as long as the scales remain open. If the individual fails to make the weight in one hour or the third attempt (whichever occurs first) that individual will be excluded from competition.
- 4) Coxswain minimum weights: Men's Events - 125 pounds, Women's Events - 110 pounds. The Max weight a coxie can carry is 15 kg (33 lbs).

- 5) A test scale will be available for unofficial use at 8 am Friday; (we will attempt to have this in place on Thursday afternoon, but don't yet know if the Officials will have it).
- 6) Crews and coxswains will only have to make weight once for the competition. Crews must weigh in together in racing attire (shirt & shorts or unisuit). Crews and coxswains must present a picture ID (such as Student ID or driver's license) in order to weigh in.
- 7) Crew weigh-ins are Friday morning weigh-in from 8am-10am. (I'm checking with Chief Ref - Sam - to see when we start Weigh-ins.)
- 8) Up to 5 pounds of sand will be available for coxswains. If an individual requires more, he/she will be responsible for providing the extra weight.

## SEEDING AND PROGRESSION SYSTEMS

The ACRA progression system will be posted on the web site:

[www.americancollegiaterowing.com](http://www.americancollegiaterowing.com)

### SEEDED EVENTS

Events: (Eights) - MV8, M2V8, **M3V8**, MFN8, M2FN8, WV8, W2V8, WFN8.

### SEEDING PROCESS

1. The vote is to be placed by the head coach of each program entered in the event, and not one of the assistants or team officers.
2. Voting will be conducted either by email or online a week prior to the championship, and initial votes will be viewed by all the head coaches.
3. The head coach **MUST** vote for his/her own crew in the poll.
4. Coaches may change their votes within two days of the closing.
5. After the second day, all voting is final.
6. At this point all votes **WILL BE MADE PUBLIC**.
7. Seeded crews will be sorted into heats according to the poll results. **EVERY CREW WILL BE GIVEN A SEED.**

### SORTED EVENTS

Events: - MV4+, ML4+, MFN4+, MNL4+, WV4+, WL4+, WFN4+, M4x, M2x, W2x, M2-, W2-, M1x, W1x

This is an attempt to separate crews who have remained intact through the racing season and performed well at a major regatta. The goal is to create regional and competitive diversity in the heats.

This will be a responsibility of the Regatta Director, and two other designated members of the Championship sub-committee. Finalization of the sub-committee's recommended placements will be made by the Executive Board.

This is not an attempt to place every entered crew. Results will be considered PRIMARILY from the Dad Vail, ECAC-NIRC, ACRA-Henley, and WIRA; with consideration given to MACRA, SIRA, NY States, New England Championships, PCRC, and Knecht Cup, with a goal of splitting up crews who competed against each other in the Grand Finals at those events. It is also to prevent the winners of those events from being "stacked" into the same heat- The remainder of the field will be determined by trying to place crews in heats from different regions.

A random draw of The [ACRA progression system](#) will be used, with of lane **placement In Reps or Semis** after the Heats or **Time Trials have be run**. Sorted crews will not be assigned to certain lanes.

#### TIME-TRIALED EVENTS

For any event with more than 32 entries, a time trial will be used as the initial stage. An initial starting order will be determined by using the same system as SEEDED or SORTED crews – depending on the event, trying to make an effort to place known fast crews to the front. Other crews will be randomly placed behind them.

The time trial will be conducted using Lanes 5 & 8. The repechages and semifinals will be sorted based on the results of the time trial. See the progression system as posted on the ACRA website.

#### CANCELLATION POLICIES

Every effort will be made to retain all events, but in the case of persistent weather some events may require cancellation. **See appendix 2 for some of the possible cancellations.**

During the Finals, the cancellations will occur in the following order, unless weather dictates otherwise:

- 1) Officials Breaks
- 2) All 3rd Level Finals and below; **with the exception of the V8's.**
- 3) All Petite Finals; **with the exception of the V8's.**
- 4) Finals with fewer than a full field (8 entries at Gainesville)
- 5) All small boats (2-, 2x, 1x)
- 6) Novice and Lightweight 4's, Quads
- 7) Novice 8's
- 8) JV8's and Varsity 4's
- 9) Varsity 8's

Please note the racing format: **Heats will be on FRIDAY afternoon for those events that have 17+ entries and will have Semi's; Repechages** for these Events will be also be on Friday. Saturday AM will have the remainder of the **Heats**, followed by Race for Lanes; and **Semi's** will be raced on

Saturday afternoon; late Saturday afternoon will be the **Repechages** from the AM Heats; some **Finals** will be raced on Saturday. Most **Finals** on Sunday.

Should conditions dictate, the Fairness Commission, composed of the ACRA Executive Board and the Chief Referee or his/her designated representative, will have the authority to reassign lanes to prevent a disadvantage for higher seeded crews.

One of two progression alternatives will be chosen at random at the conclusion of each set of heats to place crews into semifinals.

# APPENDIX 1

## GENDER IDENTITY POLICIES AND GUIDELINES AMERICAN COLLEGIATE ROWING ASSOCIATION

ACRA policies relate to participation in competition. State and federal laws and guidelines relating to issues around facility use, access, general program participation and travel policy must be adhered to, as well as each college or university's existing policies.

This is irrespective of the sex or gender listed on the participants' birth certificate or student records, and regardless of whether an individual has undergone any medical treatment.

For ACRA purposes, the gender listed on the USRowing membership profile indicated when signing the required participant waiver shall apply. An individual may go through USRowing's posted procedures to seek a change in the listed gender.

### OPERATING PRACTICES

No individual should be challenged directly with questions regarding gender identity. No individual should be publicly identified as involved in gender identity processes. **If a question arises during an event, the individual should be allowed to participate as entered and any changes in a crew's advancement, placing or awards should be dealt with after the event following the proper appeals process.**

Any petitioner questioning a competitor's gender must go through the procedures instituted by USRowing. The burden of proof in any challenge to an individual's gender identity rests with the petitioner.

All communications surrounding issues arising from these or other gender identity policies or procedures shall be kept confidential.
